### PARTNERS IN EDUCATION

All sponsors have the opportunity to also register as an OCPS Partner in Education. The Partners in Education program links businesses and organizations with schools to share resources, both in people and materials at least 3 times a year.

Each flourishes from the support and prosperity of the other. When businesses take part in the education of young people, they strengthen the work force of the future.

The Partners in Education program is vital in helping the community and the school system work and grow together. You can contact Kelley Bell for more information at [Kelley.bell@ocps.net](mailto:Kelley.bell@ocps.net).

# COMMUNITY SPONSORSHIP OPPORTUNITIES

## Together We Can Make A Difference

Participating in our Community Sponsorship Program not only provides vital funding to our school but also promotes your business with a prime showcase of your belief in public education and sense of community to over 1000 families.

With enough Community Sponsors, our goal is to make a new tradition of giving each student a spirit shirt. We want everyone to feel connected to our new school.

The PTSO takes pride in making sure every dollar raised goes directly back to our school and student body. So far this year, we have purchased a school mascot costume to promote school spirit, and we are planning family fun events, assemblies and much more. Without sponsorship funds, Horizon West Middle School could not provide these essential enhancements and programs to the entire student body population.

We would love to gain your annual support and add you to our list of contributors!
